

Rotary Club Central is an online tool to help clubs set and track club goals and achievements. This reference guide outlines the steps you need to take to set and edit goals as well as report achievements in Rotary Club Central. If any data is displayed incorrectly, please contact your Club and District Support Representative.

All goals and achievements have three broad categories: Your Club, Service, and Foundation Giving. Below the Trends section in each category, you will see “Goals and Progress.” Next to each goal, you can either **EDIT** or **VIEW**. Club leaders including the club president, club secretary, club treasurer, club executive secretary, club Foundation chair, and club membership chair can **EDIT** goals and achievements and all club members can **VIEW** club goals and achievements.

To set a goal, choose the year and the goal and click **EDIT**. Below is an example for Membership Retention. Throughout the tool, click on this icon  for additional details.

## Goals and Progress

You can access yearly data by selecting the appropriate tab. After reviewing trends, set your goal or edit it at any time by selecting the “Edit” tool.
